For all courses “A” indicates the fall semester of the course. “B” indicates it is the spring semester of the course. Most courses are self-paced, meaning if a student is motivated and completes work in a timely fashion it may not take all of June to complete a semester-long class. Students beginning a course will not receive a refund after attending 1 class session.

Students may only enroll in one class at a time.

ENGLISH

English I A or B (on campus)
Who can take this course: students who have previously failed English I
Prerequisite: previously taken English I and failed
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

This course is designed for remediation only. Students will work through online coursework with the assistance and supervision of a teacher. Work is self-paced and requires extensive reading and writing.

English II A or B (on campus)
Who can take this course: students who have previously failed English II
Prerequisite: previously taken English II and failed
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

This course is designed for remediation only. Students will work through online coursework with the assistance and supervision of a teacher. Work is self-paced and requires extensive reading and writing.

English III A or B (on campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: must be current high school student and need credit for English III A or B
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

Students will work under the daily support and supervision of a classroom teacher to complete this computer based course. Each semester (A or B) will require essays and modules plus the final exam. Students will read a major work in English IIIA and complete extensive grammar work. English III B includes poetry, vocabulary, nonfiction, and a research paper. Work is self-paced and requires extensive reading.

English III A or B Online (off campus)
Who can take this course: students who have never taken English III and need original credit
Prerequisite: must be current high school student and have taken English III A or B and failed it
Credit: 1/2
Fee: $150.00 for each semester
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

Reading and assignment submissions may be completed online from home at any time as long as the student has internet access. Students will have extensive reading and studying online to prepare for the exams and final exam, which must be completed at Consolidated. A teacher will be available via email as well in person during the day to
answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades. Eras to be studied include: The Revolutionary War, Transcendentalism, Romanticism, Realism, Naturalism, Modernism, and more.

**English IV A or B (on campus)**
Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: must be current high school student and need credit for English IV A or B
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

Students will work under the daily support and supervision of a classroom teacher to complete this module based course. Each semester (A or B) has essays and modules plus the final exam. Students may be required to complete novel studies and a research paper. Work is self-paced and requires extensive reading.

**English IV A or B Online (off campus)**
Who can take this course: students who have never taken English IV and need original credit
Prerequisite: English I, II, III
Credit: ½
Fee: $150.00 for each semester
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher

This course is designed for remediation or advancement. Reading and submissions may be completed online from home at any time as long as the student has internet access. **Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated.** A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades. Literature covered includes: *Beowulf, The Canterbury Tales, Hamlet, The Importance of Being Earnest*, and more.

**MATH**

**Algebra I A or B (on campus)**
Who can take this course: students who have previously failed Algebra I
Prerequisite: must be current high school student and have taken Algebra I and failed it
Credit: ½ Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

*This course is for remediation only.* Computer based modules will help students with mastery of Algebra I concepts. Good attendance and focused effort are necessary for students to complete the work and earn credit. Students will complete a pre-test for each required unit and will only have to complete those units on which they have not shown mastery.

*Note: Depending on the decision of the department, this course may be taught in a direct instruction format rather than a module-based format. Attendance requirements and fees will remain the same if this occurs. Students will be notified on the first day of instruction of the exact format of the course.*

**Algebra II A or B (on campus)**
Who can take this course: students who have previously failed Algebra II
Prerequisite: must be current high school student and have taken Algebra II and failed it
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

*This course is for remediation only.* Computer based modules will help students complete remediation of Algebra II concepts. Good attendance and focused effort are necessary for students to complete the work and earn credit.

*Note: Depending on the decision of the department, this course may be taught in a direct instruction format rather than a module-based format. Attendance requirements and fees will remain the same if this occurs. Students will be notified on the first day of instruction of the exact format of the course.*
than a module-based format. Attendance requirements and fees will remain the same if this occurs. Students will be notified on the first day of instruction of the exact format of the course.

**Geometry A or B (on campus)**
Who can take this course: students who have previously failed Geometry  
Prerequisite: must be current high school student and have taken Geometry and failed it  
Credit: ½  
Fee: $100.00 for each semester  
Attendance: No more than 3 absences allowed without permission from principal

**This course is for remediation only.**  
Computer based modules will help students with mastery of Geometry concepts. Good attendance and focused effort are necessary for students to complete the work and earn credit. **Algebraic Reasoning A or B (on campus)**
Who can take this course: students who have previously failed Algebraic Reasoning  
Prerequisite: must be current high school student and have taken Algebraic Reasoning and failed it  
Credit: 1/2  
Fee: $100.00 for each semester  
Attendance: No more than 3 absences allowed without permission from principal

Computer based modules will help students complete remediation of Algebraic Reasoning concepts. Good attendance and focused effort are necessary for students to complete the work and earn credit.

**SOCIAL STUDIES**

**World History A or B (on campus)**
Who can take this course: students who have failed the course previously or who would like to take it for original credit (including incoming freshmen)  
Prerequisite: must be current high school student  
Credit: ½  
Fee: $100.00 for each semester  
Attendance: No more than 3 absences allowed without permission from principal

Students will work under the daily support and supervision of a classroom teacher to complete this computer based course.

**World History A or B Online (off campus)**
Who can take this course: students who have never taken World History and need original credit (including incoming freshmen)  
Prerequisite: must be current high school student in need of World History credit  
Credit: ½  
Fee: $150.00 for each semester  
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher

Reading and submissions may be completed online from home at any time as long as the student has internet access.  
**Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated.** A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades.
**World Geography A or B (on campus)**
Who can take this course: students who have failed the course previously or who would like to take it for original credit (including incoming freshmen)
Prerequisite: must be current high school student
Credit: ½
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

Students will work under the daily support and supervision of a classroom teacher to complete this computer based course. Work is self-paced and requires extensive reading.

**World Geography A or B Online (off campus)**
Who can take this course: students who have never taken World Geography and need original credit (including incoming freshmen)
Prerequisite: must be current high school student and need World Geography credit
Credit: ½
Fee: $150.00 for each semester
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher

Reading and submissions may be completed online from home at any time as long as the student has internet access. **Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated.** A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades. Content includes climate, physical and human geography, world geography, and current events.

**U. S. History A or B (on campus)**
Prerequisite: Must be current high school student and have taken U.S. History and failed it
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

This course is designed for remediation only. Students will work through online coursework with the assistance and supervision of a teacher. Students will complete a pre-test for each required unit and will only have to complete those units on which they have not shown mastery. Work is self-paced and requires extensive reading. Work is self-paced and requires extensive reading.

**U. S. Government (on campus)**
Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: must be a current high school student
Credit: 1/2
Fee: $100.00
Attendance: No more than 3 absences allowed without permission from principal

This course is designed for advancement. Students will work under the daily support and supervision of a classroom teacher to complete this computer based course. Content includes the branches of government, federalism, local government and more.

**U. S. Government (off campus)**
Who can take this course: students who have never taken U.S. Government and need original credit
Prerequisite: must be a current high school student
Credit: 1/2
Fee: $150.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher
This course is designed for advancement. Reading and submissions may be completed online from home at any time as long as the student has internet access. **Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated.** A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades. Content includes the branches of government, federalism, local government and more.

**Economics (on campus)**
Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: must be a current high school student
Credit: 1/2
Fee: $100.00
Attendance: No more than 3 absences allowed without permission from principal

This course is designed for advancement. Students will work under the daily support and supervision of a classroom teacher to complete this computer based course. Work is self paced and requires extensive reading.

**Economics (off campus)**
Who can take this course: students who have never taken U.S. Government and need original credit
Prerequisite: current high school student
Credit: 1/2
Fee: $150.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

This course is designed for remediation or advancement. Reading and submissions may be completed online from home at any time as long as the student has internet access. **Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated.** A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades.

**SCIENCE**

**Introduction to Physics and Chemistry (IPC) A or B (on campus)**
Who can take this course: students who have previously failed IPC
Prerequisite: must be current high school student and have taken IPC and failed it
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

This course is for remediation only with no exceptions. Computer based modules will help students complete remediation of IPC concepts. Good attendance and focused effort are necessary for students to complete the work and earn credit.

**Biology A or B (on campus)**
Who can take this course: students who have previously failed Biology
Prerequisite: must be current high school student and have taken Biology and failed it
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

Biology A and B each have approximately 10 modules to complete plus the final exam. As with all of the courses completed by modules, work is self-paced and requires extensive reading.
Chemistry A or B (on campus)
Who can take this course: students who have previously failed Chemistry
Prerequisite: must be current high school student and have taken Chemistry and failed it
Credit: 1/2
Fee: $100.00 for each semester
Attendance: No more than 3 absences allowed without permission from principal

Chemistry A and B each have approximately 10 modules to complete plus the final exam. As with all of the courses completed by modules, work is self-paced and requires extensive reading.

Environmental Systems A or B (on campus)
Who can take this course: students who have never taken Environmental Systems and need original credit
Prerequisite: current high school student
Credit: 1/2
Fee: $100.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

Environmental Systems A or B (off campus)
Who can take this course: students who have never taken Environmental Systems and need original credit
Prerequisite: current high school student
Credit: 1/2
Fee: $150.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

This course is designed for remediation or advancement. Reading and submissions may be completed online from home at any time as long as the student has internet access. Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated. A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades.

HEALTH AND PE

Health (on campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit (including incoming freshmen)
Prerequisite: none
Credit: 1/2
Fee: $100.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

Health (off campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit (including incoming freshmen)
Prerequisite: none
Credit: 1/2
Fee: $150.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

This course is designed for remediation or advancement. This course has approximately 28 lessons and 8 submissions. Reading and submissions may be completed online from home at any time as long as the student has internet access. Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated. A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades. Content includes wellness, body systems, alcohol, drugs, tobacco, public health, first aid and more.
Foundations of Personal Fitness (on campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit (including incoming freshmen)
Prerequisite: none
Credit: 1/2
Fee: $100.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

SPEECH

Speech (Communication Applications) (on campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit (including incoming freshmen)
Prerequisite: none
Credit: 1/2
Fee: $100.00
Attendance: No more than 3 absences allowed without permission from principal.

Speech is a course which includes 10 modules plus the final exam. Students will be required to research and write their own speeches, as well as perform those speeches for the class and teacher. As with all of the courses completed by modules, work is self-paced and requires extensive reading.

Languages Other Than English

Spanish I A or B (on campus)

Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: must be current high school student in need of Spanish I credit
Credit: 1/2
Fee: $100.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher

Spanish I A or B (off campus)

Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: must be current high school student in need of Spanish I credit
Credit: 1/2
Fee: $150.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher

Reading and submissions may be completed online from home at any time as long as the student has internet access. This course contains necessary audio as well, so it is important to note that a sound feature should be enabled on the student’s computer. Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated. A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades. Content includes vocabulary, interactive lessons, and auditory pronunciation.

Spanish II A or B (on campus)

Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: Spanish I credit
Credit: 1/2
Fee: $100.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher

Spanish II A or B (off campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: Spanish I credit
Credit: 1/2
Fee: $150.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher

Reading and submissions may be completed online from home at any time as long as the student has internet access. This course contains necessary audio as well, so it is important to note that a sound feature should be enabled on the student’s computer. **Students will have extensive reading and studying online to prepare for the exams and final, which must be completed at Consolidated.** A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades. Content includes vocabulary, interactive lessons, and auditory pronunciation.

**FINE ARTS**

Art History A or B (on campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: none
Credit: ½ (must have one whole credit of the same fine arts course to count as a fine art credit)
Fee: $100.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

Art History A or B (off campus)
Who can take this course: students who have failed the course previously or who would like to take it for original credit
Prerequisite: none
Credit: ½ (must have one whole credit of the same fine arts course to count as a fine art credit)
Fee: $150.00
Attendance: At least 4 submissions per week with check-in schedule based on class requirements set by teacher.

This course will be taught fully online and require weekly submissions. **The exams and final exams must be taken at school.** Students will have extensive reading and studying online to prepare for the midterm and final exams, which must be completed at the high school. A teacher will be available via email as well in person during the day to answer questions and assist students. The teachers will also be monitoring student progress, student time spent working on modules, and submission grades.
