Interrogations

By School Officials

Administrators, teachers, and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

By Police or Other
Authorities

For provisions pertaining to student questioning by law enforcement officials or other lawful authorities, see GRA(LOCAL).

**Lockers and
Vehicles**

Students have full responsibility for the security of their lockers, and for vehicles parked on school property. It is the student's responsibility to ensure that lockers and vehicles are locked and that the keys and combinations are not given to others. Students shall not place, keep, or maintain any article or material that is forbidden by District policy in lockers or in vehicles parked on school property.

School officials may search lockers or vehicles parked on school property if there is reasonable cause to believe that they contain articles or materials prohibited by District policy. Students shall be responsible for any prohibited items found in their lockers or in vehicles parked on school property.

If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle. If the student refuses, the District shall contact the student's parents. If the parents also refuse to permit a search of the vehicle, the District may turn the matter over to local law enforcement officials.

Use of Trained Dogs

The District shall use specially trained nonaggressive dogs to sniff out and alert officials to the current presence of concealed prohibited items, illicit substances defined in FNCF(LEGAL), and alcohol. This program is implemented in response to drug- and alcohol-related problems in District schools, with the objective of maintaining a safe school environment conducive to education.

Such visits to schools shall be unannounced. The dogs shall be used to sniff vacant classrooms, vacant common areas, the areas around student lockers, and the areas around vehicles parked on school property. The dogs shall not be used with students. If a dog alerts to a locker, a vehicle, or an item in a classroom, it may be searched by school officials. Searches of vehicles shall be conducted as described above.

Notice

At the beginning of the school year, the District shall inform students of the District's policy on searches, as outlined above, and shall specifically notify students that:

1. Lockers may be sniffed by trained dogs at any time.

Mandatory Drug-Testing Program

The District requires drug testing of any student in grades 9–12 who chooses to participate in school-sponsored extracurricular activities or requests a permit to park a vehicle on school property.

Covered Activities

School-sponsored extracurricular activities for which testing is required include all extracurricular activities.

Scope

A student participating in these activities or requesting a parking permit shall be randomly tested throughout the school year for the presence of illegal drugs and alcohol.

Purpose

The purposes of the drug-testing program are to ensure the health and safety of all students in extracurricular activities and students seeking parking permit privileges; deter student use of illegal and performance-enhancing drugs or alcohol; offer students a credible means to resist peer pressure as it relates to the use of illegal and performance-enhancing drugs and alcohol; and provide a source of information to parents of any student who may be using illegal and performance-enhancing drugs or alcohol.

Distribution of Policy

The District shall make available to each parent and student a copy of the drug-testing policy and consent form prior to the student's participation in an affected activity or receipt of a parking permit.

Orientation

The District shall provide orientation for interested parents and all student participants.

The orientation shall explain the District's drug-testing program, review the policy and consent form, and provide an educational presentation on the harmful effects of drug and alcohol abuse.

Student participation in the orientation is mandatory; however, parent participation is not required.
